Very satisfying German - French – Russian translation

« The consecutive translation German/French - Russian and vice versa by avl interpreters during the **food inspections of the Russian authorities** in cheese dairies and on farms throughout Switzerland was very satisfying. Thank you so much for the pleasant cooperation, despite our many last-minute changes. »

Truly professional interpreting

« As last year, the simultaneous translators' job at our **management meeting** was very good and professional in March 2016 in Lucerne. Successful synchronous interpretation and back office support

« The synchronous translation German - French by avl interpreters at the conference in January 2016 was a great success and the two interpreters were very friendly!
